

**Manie
Barry**

Senior Consultant
High-Point Rendel Ltd.

Tel: +44 (0) 207 654 0400

Fax: +44 (0) 207 654 0403

Education:

BSc (Eng) Civil Engineering; LLB Bachelor of Laws; MSc Structural Engineering; MSc Construction Law and Arbitration; Postgraduate Diploma in Law; Barrister (non-practising); Chartered Engineer; Chartered Environmentalist; Chartered Arbitrator.

Professional Experience:

Mr Manie has a broad experience of the construction industry, working for contractors, consultants and employers in the design and management of various civil engineering and building projects in the UK and overseas; employed as site engineer, resident engineer, civil and structural engineering designer, project manager of multi-disciplinary design and construction management teams, and client's representative.

After initially training and working as a civil and structural engineer, Mr Manie spent a substantial period with property development companies engaged in a wide range of activities throughout the development process, from site acquisition to the sale and management of completed buildings.

More recently, Mr Manie has developed his career in the management, avoidance and resolution of disputes in all sectors of the construction industry: advising clients on contractual issues; acting as party representative in mediation, adjudication and arbitration proceedings; expert advisor on project management and structural engineering matters; arbitrator (CIArb nomination) and adjudicator (ICE, CIArb, CIC, CEDR and direct party nominations) in a range of construction disputes; and expert determiner (ICE nominations) in relation to structural/ground engineering matters. Mr. Manie has overseas experience in Saudi Arabia, Portugal, South Africa, Dubai (U.A.E), Venezuela.

Memberships:

Institution of Structural Engineers / Institution of Civil Engineers / Chartered Institute of Arbitrators
